Parking located in the industrial estate, pedestrian access to the refreshment area, 300m walk.

Schedule: 11:00 to 12:30 (11:30 estimated first runner passes).

#### **REFRESHMENT 2 ORGANIZATION ONLY**

At kilometer 66 of the race, there will be a solid and liquid refreshment station, designed for participants to replenish their strength at a key point along the route.

This refreshment station will be for the sole and exclusive use of the organizers, with the aim of ensuring an orderly and efficient service for all cyclists and avoiding overcrowding in the area.

#### REFRESHMENT 3 UCI TEAMS AND NON-UCI TEAMS

Access to this area is from the start parking lot, located in Juià. Parking is mandatory in the official start parking lot. From there, the path to the Technical Zone is just a two-minute walk, and the path will be signposted.

#### **FINAL SUPPLIES**

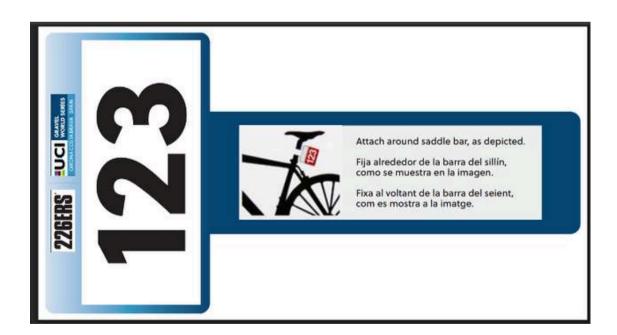

At the final refreshment station, located within the Sea Otter Europe festival grounds, each participant will be admitted by presenting the identification wristband, which will be given along with their race number when collecting their accreditation.

This bracelet will be essential for accessing the service and ensures that each runner receives their food ration.

The menu will consist of a plate of paella or fideuá, designed to recharge your batteries and enjoy a moment of conviviality after the race in the unique atmosphere of the festival.

#### **BIB VISIBILITY**

For the correct development of the test it is mandatory that all participants always wear visible numbers, the back number must be placed on the back of the jersey well fastened and without folds, the front number must be on the front of the bicycle fixed to the handlebar and the seat post number must be placed so that it is clearly visible from the side, since the correct placement and visibility of the numbers allows the organization, judges and photographers to easily identify each rider and guarantees the validity of the times and classifications
